

Protocol For All Hospitals

- The family needs to meet with Epiphany Cemetery personnel before the baby can be picked up from the hospital. The casket/vault will be sealed before leaving the hospital.
- There is no charge for the small baby graves at our Baby Monument pictured below.
- If the family would like the baby's name on the monument there is a charge of \$250.
- A baby born after 20 weeks or a baby that has taken a breath (born alive) must have a funeral home involved. In this case the cost is at the discretion of the funeral home.
- Epiphany priests are available upon request or you can ask a clergy from another denomination for a short graveside service at the time of burial.

We are very
sorry for
your loss.
